Re: Resident Experience Initiative (ResX) Qualified Bidders List and Agile Development Services RFP

Amendment 003, Matchmaking Summary

As a result of Amendment 001 to the relevant RFP, in response to the following question:

Q: If bidding is limited to invited companies, would the Office of Innovation be able to share the list of invited bidders (with their consent) to facilitate potential partnerships and teaming arrangements?

The Office responded in kind:

A: Interested parties are welcome to opt-into matchmaking by emailing their interest and a designated point-of-contact to rfp@innovation.nj.gov by 5 PM ET on June 9, 2025. The Office plans to email the list of companies / POCs who opt-in no later than 12 PM ET on June 10, 2025 to facilitate potential partnerships and teaming, and then publish the list to its website as soon as possible thereafter.

The following parties and points of contact opted into matchmaking. If interested in discussing teaming opportunities, please reach out directly:
